OPINION & ORDER

ROSS, United States District Judge:

On July 31, 2024, I awarded petitioner, *inter alia*, \$445 in reasonable costs, representing a \$405 filing fee and a \$40 service fee for the executed summons. *See* Order 9, ECF No. 11. Because petitioner requested \$507.60 in reasonable costs but did not provide documents reflecting those costs in full, I granted petitioner fifteen days to submit documentation reflecting how the additional \$62.60 was spent. *Id.* Petitioner has since submitted the requested documentation, see Letter, ECF No. 12, and I accordingly award petitioner an additional \$62.60 in reasonable costs. The Clerk of the Court is directed to enter judgment accordingly and close the case.

SO ORDERED.
